Antelao Spiked Chainsaw
& Bionico Teton Cramp**

Bene Footwear Ltd are a specialist footwear company, who proudly distribute the premium Italian brand Andrew. This brand has its own unique character and product specialities and is unmistakably Italian!

Every year we travel to Italy to see what's new and develop product that we want for New Zealand. Some of the products we have developed specifically for NZ are now also successful in other countries, our global footwear family.

Andrew Srl are a small specialist family-owned business located in Northern Italy.

Their products are unique with a strong tradition in hand crafted Norwegian welt stitching. Andrew also produce specialist footwear for farming and forestry. Please visit Andrew NZ

@andrewfootwear

We love it when we get to see the amazing places our footwear goes. Share your outdoor adventures with us and the world.

We want to see it all, whether you are trekking the amazing walks on the Te Araroa trail from Cape Reinga to Bluff, foraging in the forest for a healthy plant-based meal or tracking something a little more adventurous to stock the family freezer. Snap-it, save-it and share-it.

for more technical information on all styles

The NZ Andrew range features some very special boots that are ideally suited for our unique NZ conditions. With Norwegian welted stitching these are farming, hunting and specialist chainsaw protection boots.

Every pair of Andrew boots is made entirely by hand, and takes over 1,000 separate steps to complete. Andrew boots are amongst the strongest footwear range in the world.
